

# AYOTUNDE ALEEM

QA / Automation Test Engineer

Lagos, Nigeria • ayotunde.aleem@gmail.com • +234 905 693 5736 • ayotundetrex.github.io • linkedin.com/in/ayotundetrex

## PROFESSIONAL SUMMARY

---

QA Engineer with 4+ years of hands-on experience in manual, automated, regression, and API testing across web and enterprise applications. Skilled in translating business requirements into structured test cases, identifying and tracking defects, and validating system behavior using Postman, Burp Suite, OWASP ZAP, and Scandium. Comfortable working in Agile/Scrum cycles with distributed, cross-functional teams. Actively building automation and application-security testing skills to move into a dedicated Automation/Security QA role.

## CORE SKILLS

---

**QA & Testing:** Manual Testing, Automated Testing, Regression Testing, Functional Testing, UI Testing, API Testing, Smoke Testing, Agile/Scrum, STLC/SDLC

**Security Testing:** DAST fundamentals, OWASP Top 10 awareness, vulnerability identification (XSS, SQL Injection, broken auth)

**Tools:** Postman, Scandium, Burp Suite, OWASP ZAP, Git, Browser DevTools

**Programming:** HTML, CSS, JavaScript (foundational), Python (foundational), SQL (basic)

**Soft Skills:** Analytical Thinking, Attention to Detail, Written Communication, Cross-Functional Collaboration

## PROFESSIONAL EXPERIENCE

---

**Quality Assurance Engineer** | TM30 Global Limited — Lagos (OnSite) 2025 – Present

- Perform manual and automated testing on enterprise web applications, designing test cases directly from functional requirement documents (FRDs).
- Execute end-to-end testing across client management, messaging, billing, and authentication modules for a live legal-tech product.
- Conduct API testing with Postman to validate request/response behavior, authentication, and data integrity.
- Identify, document, and track defects (validation, functional, and UI issues) through resolution and retesting.
- Use Scandium for automation learning and execution, building toward full automation ownership.
- Collaborate directly with developers and product managers to clarify requirements and improve release quality.

**Quality Assurance Tester (Remote)** | Silveredge Tech / ENL NOVA Limited (Hybrid) 2022 – 2025

- Designed and executed test cases for web and mobile applications while completing a Computer Science degree.
- Performed functional, regression, and usability testing; verified bug fixes before production releases.
- Documented and tracked defects, working with distributed development teams to confirm resolution.
- Contributed to testing of a dynamic e-commerce platform and the Lagos State EPPPS government platform.

## EDUCATION

---

**B.Sc. Computer Science, Second Class Honours (Upper Division)** 2021 – 2025

Ahmadu Bello University, Zaria, Nigeria

## CERTIFICATIONS

---

- Specialized Training in Software Test Automation — Scandium Systems Inc. (April 2026)
- Software Development Training — Moat Academy for Developers (Jan – Apr 2022)
